HYPOTHESIS

- Women's role in the series:

VICTIMS or HEROINES

METHODOLOGY

- Deep study of the two seasons.
- Analysis of different articles and a guide to better understand the different topics dealt with.

OBJECTIVES:

- Study the role of women.
- Analyse the meanings of symbols, titles, topics such as religion, politics, titles, language, and motherhood.

CONCLUSION:

- The new state wants to have power over women by the use of subordination.
- Women are victims because, although they try to resist, they become commodities and suffer all type of abuses.

They won't judge you for your looks, or your clothes, or your ability to sound clever.

- Aunt Lydia, Season 1, Chapter 4

Commanders will value women by their capability to create a new life.
